

Private and Confidential 4 December 2017

Horsham District Council Parkside Chart Way Horsham West Sussex RH12 1RL

Dear Audit Committee Members

Audit planning report

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Audit Committee with a basis to review our proposed audit approach and scope for the 2017/18 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the Council, and outlines our planned audit strategy in response to those risks.

This report is intended solely for the information and use of the Audit Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you on 13 December 2017 as well as understand whether there are other matters which you consider may influence our audit.

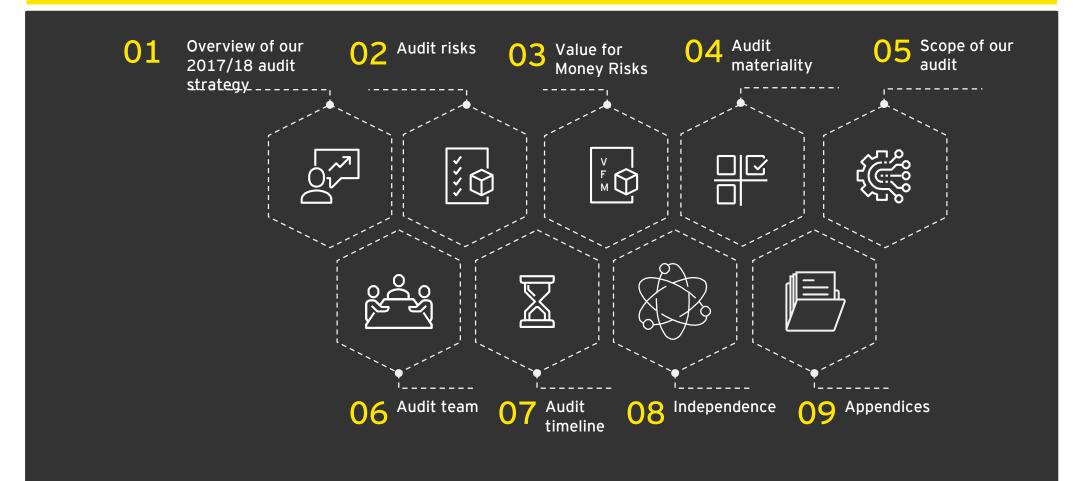

Yours faithfully

Paul King

For and on behalf of Ernst & Young LLP

Enc

Contents

In April 2015 Public Sector Audit Appointments Ltd (PSAA) issued "Statement of responsibilities of auditors and audited bodies". It is available from the via the PSAA website (www.PSAA.co.uk). The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.

The "Terms of Appointment (updated February 2017)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.

This report is made solely to the Audit Committee and management of Horsham District Council in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Audit Committee, and management of Horsham District Council those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Audit Committee and management of Horsham District Council for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

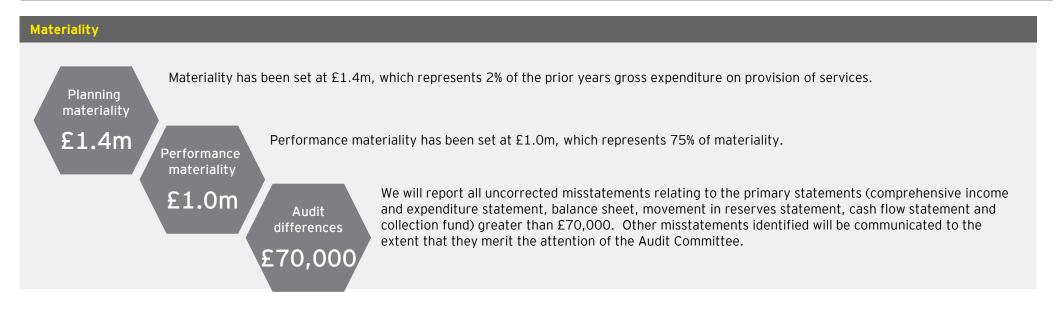

Overview of our 2017/18 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Audit Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

Audit risks and areas of focus				
Risk / area of focus	Risk identified	Change from PY	Details	
Misstatements due to fraud or error	Fraud risk	No change in risk or focus	As identified in ISA 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that would otherwise appear to be operating effectively.	
Introduction of new financial management system on 4 September 2017	Other risk	Increase in risk or focus	The Council introduced its new Technology One financial management system with effect from 4 September 2017. It put in place measures to migrate data on 2017/18 transactions and balances from the old to the new financial management system. The Council's 2017/18 financial statements will be prepared using data taken from the new general ledger at the end of the financial year. To ensure the Council prepares materially accurate and complete 2017/18 financial statements it is essential that the Council is assured that it has migrated all financial data to its new general ledger.	
Valuation of Land and Buildings	Other risk	No change in risk or focus	The fair value of Property, Plant and Equipment (PPE) and Investment Properties (IP) represent significant balances in the Council's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.	
Pension Liability Valuation	Other risk	No change in risk or focus	The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by West Sussex County Council. The Council's pension fund asset is a material estimated balance and the Code requires that this asset be disclosed on the Council's balance sheet. At 31 March 2017 this totalled £2 million. The information disclosed is based on the IAS 19 report issued to the Council by the actuary to the County Council. Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.	

Overview of our 2017/18 audit strategy (continued)

Overview of our 2017/18 audit strategy

Audit scope

This Audit Plan covers the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of Horsham District Council give a true and fair view of the financial position as at 31 March 2018 and of the income and expenditure for the year then ended; and
- Our conclusion on the Council's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Council's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- Changes in the business and regulatory environment; and,
- Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Council.

Audit risks

Our response to significant risks

We have set out the significant risks (including fraud risks denoted by*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Misstatements due to fraud or error

Financial statement impact

We have assessed that the risk of management override is most likely to affect the estimates in the financial statements, such as year end accruals, provisions and asset valuations. These impact both on the Balance Sheet and Income Statement

What is the risk?

The financial statements as a whole are not free of material misstatements whether caused by fraud or error.

As identified in ISA (UK and Ireland) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. We identify and respond to this fraud risk on every audit engagement.

What will we do?

- ► Identifying fraud risks during the planning stages.
- ► Inquiry of management about risks of fraud and the controls put in place to address those risks.
- Understanding the oversight given by those charged with governance of management's processes over fraud.
- Consideration of the effectiveness of management's controls designed to address the risk of fraud.
- Determining an appropriate strategy to address those identified risks of fraud.
- Performing mandatory procedures regardless of specifically identified fraud risks, including testing of journal entries and other adjustments in the preparation of the financial statements.
- Reviewing accounting estimates for evidence of management bias.
- Evaluating the business rationale for significant unusual transactions.

Audit risks

Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

What is the risk/area of focus?

What will we do?

Introduction of new financial management system on 4 September 2017

The Council introduced its new Technology One financial management system with effect from 4 September 2017. It put in place measures to migrate data on 2017/18 transactions and balances from the old to the new financial management system. The Council's 2017/18 financial statements will be prepared using data taken from the new general ledger at the end of the financial year. To ensure the Council prepares materially accurate and complete 2017/18 financial statements it is essential that the Council is assured that it has migrated all financial data to its new general ledger.

- We will review the actions taken by the Council to ensure the complete and accurate migration of financial data to the new general ledger. This will include reviewing the effectiveness of the reconciliation processes.
- Where we judge we are able to do so we will seek to rely on any relevant controls over the migration of data established by the Council, and any relevant work of internal audit.
- If we are unable to gain sufficient assurance that the Council has migrated all the relevant data completely and accurately we may be required to undertake additional audit procedures, necessitating an additional audit fee. We will engage early with the Director of Corporate Services if this situation arises and report back to the Committee.

Valuation of Land and Buildings

The fair value of Property, Plant and Equipment (PPE) and Investment Properties (IP) represent significant balances in the Council's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgemental inputs and apply estimation techniques to calculate the yearend balances recorded in the balance sheet.

We will:

- Consider the work performed by the Council's valuers (Wilks, Head & Eve), including the adequacy of the scope
 of the work performed, their professional capabilities and the results of their work;
- Sample testing key asset information used by the valuers in performing their valuation (e.g. floor plans to support valuations based on price per square metre);
- Consider the annual cycle of valuations to ensure that assets have been valued within a 5 year rolling programme as required by the Code for PPE and annually for IP. We have also considered if there are any specific changes to assets that have occurred and that these have been communicated to the valuer;
- Review assets not subject to valuation in 2017/18 to confirm that the remaining asset base is not materially misstated;
- ► Consider changes to useful economic lives as a result of the most recent valuation; and
- Test accounting entries have been correctly processed in the financial statements,

Audit risks

Other areas of audit focus (continued)

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

What is the risk/area of focus?

Pension Asset Valuation

The Local Authority Accounting Code of Practice and IAS19 require the Council to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by West Sussex County Council. The Council's pension fund asset is a material estimated balance and the Code requires that this asset be disclosed on the Council's balance sheet. At 31 March 2017 this totalled £2 million.

The information disclosed is based on the IAS 19 report issued to the Council by the actuary to the County Council.

Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

What will we do?

We will:

- Liaise with the auditors of West Sussex County Council Pension Fund, to obtain assurances over the information supplied to the actuary in relation to Horsham District Council;
- Assess the work of the Pension Fund actuary (Hymans Robertson) including the assumptions they have used by relying on the work of PWC Consulting Actuaries commissioned by Public Sector Auditor Appointments for all Local Government sector auditors, and considering any relevant reviews by the EY actuarial team; and
- ► Review and test the accounting entries and disclosures made within the Council's financial statements in relation to IAS19.

Value for Money

Background

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2017/18 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

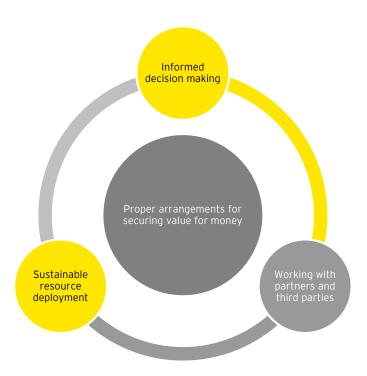

In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work.

Our risk assessment has therefore considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. This has resulted in the identification of the significant risks noted on the following page which we view as relevant to our value for money conclusion.

Value for Money Risks

What is the significant value for money risk?	What arrangements does the risk affect?	What will we do?
Local government continues to face considerable financial challenges and Horsham District Council is not immune from these pressures. We are aware from our review of the Council's budget monitoring for 2017/18 to quarter 2 that it is forecasting a budget surplus of around £250,000 for the year. The Council is also planning to set a balanced budget for 2018/19 and 2019/20. However, the financial position in future years is far more challenging and achieving financial balance will continue to become progressively harder. The current medium term financial plan is predicting significant budget gaps over the remaining years of the medium term financial plan to 2022 of £1.7m in 2020/21 and £2.3m in 2021/22 after assuming that income and efficiency actions being worked on are implemented.	Deploy resources in a sustainable manner	 Our approach will focus on: Detailed review of how the medium term financial plan is created. Examine and challenge the key assumptions used by the Council to create the medium term financial plan. Review the extent to which the Council is dependent upon future savings. For significant savings we will test the estimated savings in order to ensure that the Council's assumptions are reasonable.
During the year the Council entered into the purchase of the Forum Shopping Centre (the Forum) for some £15m. This is a significant transaction for the Council and requires a significant use of reserves and some external borrowing to manage cashflow. Given the value of this transaction and the fact that the Council has taken the decision to fund this in part through external borrowing and in part from reserves, we have at this stage assessed this as a significant risk for the value for money conclusion. The purchase of the Centre has changed the way in which the Council manages its cashflow, requiring use of short term borrowing.	Take informed decisions	 Our approach will focus on: Detailed review of the arrangements through which the Council entered into the purchase of the Centre to ensure that this represents value for money for the Council, including the business case for the purchase and the advice sought by the Council to support the decision. Examine and challenge the key assumptions used by the Council in arranging the financing of the purchase. Review the Council's cashflow management to understand the impact of the purchase of the Centre on the Council's ability to meet its financial commitments and that this was communicated to members.

₩ Audit materiality

Materiality

Materiality

For planning purposes, materiality for 2017/18 has been set at £1.4m. This represents 2% of the Council's prior year gross expenditure on provision of services. It will be reassessed throughout the audit process. We have provided supplemental information about audit materiality in Appendix D.

We request that the Audit Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

Key definitions

Planning materiality - the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

Performance materiality - the amount we use to determine the extent of our audit procedures. We have set performance materiality at £1.0m which represents 75% of planning materiality. The rationale for using 75% is based on the anticipation of identifying few or no errors during the audit. This expectation has been built on our experience of the Council in prior years.

Audit difference threshold - we propose that misstatements identified below this threshold are deemed clearly trivial. We will report to you all uncorrected misstatements over this amount relating to the comprehensive income and expenditure statement, balance sheet and collection fund that have an effect on income or that relate to other comprehensive income.

Other uncorrected misstatements, such as reclassifications and misstatements in the cashflow statement and movement in reserves statement or disclosures, and corrected misstatements will be communicated to the extent that they merit the attention of the audit committee, or are important from a qualitative perspective.

Specific materiality - We have set a materiality of nil for remuneration disclosures , related party transactions, members' allowances and exit packages which reflects our understanding that an amount less than our materiality would influence the economic decisions of users of the financial statements in relation to this.

Our Audit Process and Strategy

Objective and Scope of our Audit scoping

Under the Code of Audit Practice our principal objectives are to review and report on the Council's financial statements and arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK and Ireland).

We also perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards

- · Addressing the risk of fraud and error;
- · Significant disclosures included in the financial statements;
- Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- · Auditor independence.

Procedures required by the Code

- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance; and
- Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO [delete if not applicable]

2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Council has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

Our Audit Process and Strategy (continued)

Audit Process Overview

Our audit involves:

- ▶ Identifying and understanding the key processes and internal controls; and
- Substantive tests of detail of transactions and amounts.

Our initial assessment of the key processes across the Council has identified the following key processes where we will seek to rely on controls, both manual and IT:

payroll

For 2017/18 we plan to follow a substantive approach to the audit, with the exception of payroll as above as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated in view of the implementation of the new financial management system.

Analytics:

We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- ▶ Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Audit Committee.

Internal audit:

We will regularly meet with the Head of Internal Audit, and review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where they raise issues that could have an impact on the financial statements.

Working together with the Council

We are working together with officers to identify continuing improvements in communication and processes for the 2017/18 audit.

We will continue to keep our audit approach under review to streamline it where possible.

* Key Audit Partner

Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Valuation of Land and Buildings	Wilkes, Head and Eve - RICS Registered Valuers
Pensions disclosure	EY pensions specialists Hymans Robertson - Actuary

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Council's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- Assess the reasonableness of the assumptions and methods used;
- ► Consider the appropriateness of the timing of when the specialist carried out the work; and
- Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

Audit timeline

Timetable of communication and deliverables

Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2017/18.

From time to time matters may arise that require immediate communication with the Audit Committee and we will discuss them with the Audit Committee Chair as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

Audit phase	Timetable	Audit committee timetable	Deliverables
Planning:	October		
Risk assessment and setting of scopes.			
Walkthrough of key systems and processes	November		
	December	Audit Committee	Audit Planning Report
	January		
Testing of routine processes and controls	February		
Interim audit testing			
	March		
	April	Audit Committee	Interim audit update
	May		
Year end audit	June		
Audit Completion procedures			
	July	Audit Committee	Audit Results Report
			Audit opinions and completion certificates
	August		Annual Audit Letter

Introduction

The FRC Ethical Standard and ISA (UK) 260 "Communication of audit matters with those charged with governance", requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in June 2016, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

Required communications

Planning stage

- ► The principal threats, if any, to objectivity and independence identified by Ernst & Young (EY) including consideration of all relationships between the you, your affiliates and directors and us;
- The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review;
- The overall assessment of threats and safeguards;
- ► Information about the general policies and process within EY to maintain objectivity and independence.
- Where EY has determined it is appropriate to apply more restrictive independence rules than permitted under the Ethical Standard [note: additional wording should be included in the communication reflecting the client specific situation]

Final stage

- ▶ In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed:
- Details of non-audit services provided and the fees charged in relation thereto;
- ▶ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us;
- ▶ Written confirmation that all covered persons are independent;
- Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy;
- Details of any contingent fee arrangements for non-audit services provided by us or our network firms;
 and
- ► An opportunity to discuss auditor independence issues.

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements , the amounts of any future services that have been contracted, and details of any written proposal to provide non-audit services that has been submitted;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non -audit services if the service has been pre-approved in accordance with your policy.

Overall Assessment

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Paul King, your audit engagement partner and the audit engagement team have not been compromised.

Self interest threats

A self interest threat arises when EY has financial or other interests in the Council. Examples include where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. The ratio of non audit fees to audits fees is not permitted to exceed 70%.

At the time of writing, no non-audit services have been undertaken, therefore the current ratio of non-audit fees to audit fees is zero. No additional safeguards are required.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4.

There are no other self interest threats at the date of this report.

Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no self review threats at the date of this report.

Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Council. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

Relationships, services and related threats and safeguards

Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

Other communications

EY Transparency Report 2017

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year ended 1 July 2017 and can be found here:

http://www.ey.com/uk/en/about-us/ey-uk-transparency-report-20167

Appendix A

Fees

The duty to prescribe fees is a statutory function delegated to Public Sector Audit Appointments Ltd (PSAA) by the Secretary of State for Communities and Local Government.

PSAA has published a scale fee for all relevant bodies. This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the NAO Code.

	Planned fee 2017/18	Scale fee 2016/17	Final Fee 2016/17
	£	£	£
Total Fee - Code work	50,094	50,094	50,094
Other non-audit services not covered above (Housing Benefits)	TBC	12,383	12,383
Total fees	TBC	62,477	62,477

All fees exclude VAT

The audit fee covers the:

- Audit of the financial statements
- Value for money conclusion
- Whole of Government accounts.

For Horsham District Council our indicative fee is set at the scale fee level. This indicative fee is based on certain assumptions, including:

- The overall level of risk in relation to the audit of the financial statements is not significantly different from that of the prior year
- Officers meeting the agreed timetable of deliverables;
- The operating effectiveness of the internal controls for the key processes identified within our audit strategy;
- We can rely on the work of internal audit as planned;
- Our accounts opinion and value for money conclusion being unqualified;
- Appropriate quality of documentation is provided by the council;
- There is an effective control environment; and
- Prompt responses are provided to our draft reports.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Council in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

Regulatory update

In previous reports to the Audit Committee, we highlighted the issue of regulatory developments. The following table summarises progress on implementation:

Earlier deadline for production and audit of the financial statements from 2017/18				
Proposed effective date	Effective for annual periods beginning on or after 1 April 2017.			
Details	The Accounts and Audit Regulations 2015 introduced a significant change in statutory deadlines from the 2017/18 financial year. From that year the timetable for the preparation and approval of accounts will be brought forward with draft accounts needing to be prepared by 31 May and the publication of the audited accounts by 31 July.			
Impact on Horsham District Council	These changes provide challenges for both the preparers and the auditors of the financial statements. We are holding faster close workshops for clients in November and December 2017 to facilitate early discussion and sharing of ideas and good practice. We are working with the Council on ideas coming from the workshop, for example: • Streamlining the Statement of Accounts removing all non-material disclosure notes; • Bringing forward the commissioning and production of key externally provided information such as IAS 19 pension information, asset valuations; • Providing training to departmental finance staff regarding the requirements and implications of earlier closedown; • Re-ordering tasks from year-end to monthly/quarterly timing, reducing year-end pressure; • Establishing and agreeing working materiality amounts with the auditors.			

Required communications with the Audit Committee

We have detailed the communications that we must provide to the Audit Committee. Our Reporting to you Required communications What is reported? When and where Terms of engagement Confirmation by the Audit Committee of acceptance of terms of engagement as written in The statement of responsibilities serves as the the engagement letter signed by both parties. formal terms of engagement between the PSAA's appointed auditors and audited bodies. Our responsibilities Reminder of our responsibilities as set out in the engagement letter The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies. Planning and audit Communication of the planned scope and timing of the audit, any limitations and the Audit planning report significant risks identified. approach When communicating key audit matters this includes the most significant risks of material misstatement (whether or not due to fraud) including those that have the greatest effect on the overall audit strategy, the allocation of resources in the audit and directing the efforts of the engagement team Significant findings from Our view about the significant qualitative aspects of accounting practices including Audit results report accounting policies, accounting estimates and financial statement disclosures the audit Significant difficulties, if any, encountered during the audit Significant matters, if any, arising from the audit that were discussed with management Written representations that we are seeking Expected modifications to the audit report Other matters if any, significant to the oversight of the financial reporting process

Required communications with the Audit Committee (continued)

		Our Reporting to you
Required communications	What is reported?	When and where
Going concern	Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including: ► Whether the events or conditions constitute a material uncertainty ► Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements ► The adequacy of related disclosures in the financial statements	Audit results report
Misstatements	 Uncorrected misstatements and their effect on our audit opinion, unless prohibited by law or regulation The effect of uncorrected misstatements related to prior periods A request that any uncorrected misstatement be corrected Corrected misstatements that are significant Material misstatements corrected by management 	Audit results report
Fraud	 Enquiries of the Audit Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity Any fraud that we have identified or information we have obtained that indicates that a fraud may exist A discussion of any other matters related to fraud 	Audit results report
Related parties	 Significant matters arising during the audit in connection with the entity's related parties including, when applicable: Non-disclosure by management Inappropriate authorisation and approval of transactions Disagreement over disclosures Non-compliance with laws and regulations Difficulty in identifying the party that ultimately controls the entity 	Audit results report

Required communications with the Audit Committee (continued)

		Our Reporting to you
Required communications	What is reported?	When and where
Independence	Communication of all significant facts and matters that bear on EY's, and all individuals involved in the audit, objectivity and independence Communication of key elements of the audit engagement partner's consideration of independence and objectivity such as: The principal threats Safeguards adopted and their effectiveness An overall assessment of threats and safeguards Information about the general policies and process within the firm to maintain objectivity and independence	Audit Planning Report and Audit Results Report
External confirmations	 Management's refusal for us to request confirmations Inability to obtain relevant and reliable audit evidence from other procedures 	Audit results report
Consideration of laws and regulations	 Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off Enquiry of the Audit Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Audit Committee may be aware of 	Audit results report
Internal controls	► Significant deficiencies in internal controls identified during the audit	Audit results report
Representations	Written representations we are requesting from management and/or those charged with governance	Audit results report
Material inconsistencies and misstatements	Material inconsistencies or misstatements of fact identified in other information which management has refused to revise	Audit results report

Fee Reporting	 Breakdown of fee information when the audit plan is agreed Breakdown of fee information at the completion of the audit Any non-audit work 	Audit planning report and Audit results report
Certification work	Summary of certification work undertaken	Certification report

Additional audit information

Other required procedures during the course of the audit

In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

by auditing standards

- Our responsibilities required
 Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 - Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control.
 - Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Concluding on the appropriateness of management's use of the going concern basis of accounting.
 - Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Council to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, including the board's statement that the annual report is fair, balanced and understandable, the Audit Committee reporting appropriately addresses matters communicated by us to the Audit Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and
 - Maintaining auditor independence.

Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines:

The level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.
