

COUNCIL 11 DECEMBER 2019

RECOMMENDATIONS FROM COMMITTEE MEETINGS

Details of a recommendation to Council made at the Governance Committee meeting held on 26 November 2019 are set out below:

GO/19 **REVIEW OF POLLING DISTRICTS, POLLING PLACES AND POLLING STATIONS**

The Monitoring Officer presented a report and said that the Electoral Registration and Administration Act 2013 required a review of all polling districts and polling places to be completed by 31 January 2020. Subsequent compulsory reviews had to be started and completed within the period of 16 months that starts on 1 October of every fifth year after 1 October 2018.

A major review of polling districts and polling places had been undertaken last year to take account of the new District wards introduced with effect from May 2019. For this reason few changes to polling places and no changes to polling districts were proposed in the current review. An additional mini-review would be conducted prior to the May 2020 elections in order to take account of any issues that arose from the forthcoming Parliamentary General election.

The consultation process in respect of the current review was now complete and the recommendations were set out in Appendix 3 of the report.

RESOLVED:

That:

- (i) A recommendation to Council to approve the revised schedule of polling districts, polling places and polling stations, as set out in Appendix 3, following the review carried out this year be approved; and;
- (ii) An additional mini-review would be conducted prior to the May 2020 elections to take account of any issues arising from the forthcoming Parliamentary General election.

RECOMMENDED TO COUNCIL

- i) That the revised schedule of polling districts, polling places and polling stations, as set out in Appendix 3, following the review carried out this year be approved
