

Horsham District Council Annual Governance Statement 2019 - 2020

1. SCOPE OF RESPONSIBILITY

Horsham District Council is responsible for ensuring that its business is conducted in accordance with the law, regulations and proper standards, and that public money is safeguarded from waste, extravagance or misappropriation. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness in the exercise of its responsibilities.

Horsham District Council approved and adopted a Local Code of Corporate Governance on 22 March 2017 which is consistent with the principles of the Chartered Institute of Public Finance and Accountancy (CIPFA), and Society of Local Authority Chief Executives (SOLACE) Framework for Delivering Good Governance in Local Government. A copy of the Local Code is available on our website or can be obtained from the Council offices. This statement explains how Horsham District Council has complied with the Code and also meets the requirements of the Accounts and Audit (England) regulations 2015 in particular regulation 6(1)(b), which requires all relevant bodies to prepare an Annual Governance Statement.

2. THE GOVERNANCE ASSURANCE FRAMEWORK

The Governance Assurance Framework has been in place at Horsham District Council for the year ended 31 March 2020 and up to the date of the approval of the Annual Report and Statement of Accounts for the 2019/20 financial year.

The Council's Governance Framework encompasses the way the Council is controlled and managed, both strategically and operationally, and how it will deliver its services. The structures and processes, risk management and other internal control systems are in place to monitor and manage the delivery of the Council's aims and objectives:

The core principles of the Council's Governance Framework are set out below:

A: Integrity; Ethical Values; the Rule of Law.

B: Openness; engaging with institutional stakeholders; engaging with individual citizens and service users.

C: Defining Outcomes; sustainable, economic, social and environmental benefits.

D: Determining and planning interventions; optimising achievement of intended outcomes.

E: Developing the capacity of the entity through its leadership and other individuals.

F: Managing risks; managing performance; robust internal control; managing data; strong public financial management.

G: Good practice in transparency, reporting and audit to deliver effective accountability.

3. CORPORATE GOVERNANCE, VISION AND OBJECTIVES

The Corporate Governance Framework is aligned with the Council's Corporate Plan which outlines the Council's vision, aims and objectives. The current Corporate Plan was approved by Council on 12 February 2020 and covers the period 2019 - 2023.

- The Council aims to deliver high quality services that meet the needs of the local community. This is set out in the Council's Corporate Plan for Horsham which is the

core of the Council's purpose and vision and defines the Council's key priorities and strategic aims. This is formally reviewed and updated each year.

- The Corporate Plan is supported by the Medium-Term Financial Strategy and the Council's annual budget to ensure the implications on the Council's finances are considered when the objectives are set.
- Departmental strategies and annual service plans are developed which support the delivery of the Corporate Plan, by identifying how each department contributes to the delivery of the overall aims and objectives of the Council.
- The Council's Performance Management Framework includes key performance indicators associated with the Corporate Plan. Performance on a basket of key corporate indicators is reported to the Senior Leadership Team, the Cabinet Leads and to the Overview and Scrutiny Committee.
- Every report submitted to the Cabinet or regulatory committees must outline how the recommended action helps to achieve one or more of the Corporate Plan priorities.

4. MEMBERS AND OFFICERS WORKING TOGETHER

The Council's Constitution gives guidance on the roles and responsibilities of Members, the Chief Executive and Chief Officers. The Governance Committee leads on changes to the Constitution including the scheme of delegation.

The Leader, Cabinet Members, and Chairmen and Vice Chairmen of standing committees receive briefings from senior management on a regular basis and Members receive training as part of the induction process.

A review of governance arrangements at the Council was reported to Full Council on 27 April 2016. The Governance Review focused on ensuring Horsham District Council has the most suitable and effective governance arrangements. The Council continues to operate the Cabinet Executive Model supported by a number of Policy Development Advisory Groups. The process of undertaking this review has widened the collective knowledge and understanding amongst Members which has continued in 2018/19. The Governance Committee began a further review of the Constitution during 2018/19 with a particular focus on the effectiveness of planning decision making. This was reported to Council in April 2019. The operation of the Constitution is under constant review by the Monitoring Officer in consultation with the Governance Committee to ensure that its aims and principles are given full effect.

Cabinet Policy Development Advisory Groups meet periodically on significant areas of business to ensure there is engagement with back bench Councillors on strategic direction.

In March and April 2017, the Overview and Scrutiny Committee reviewed its effectiveness using the guidance from the Centre for Public Scrutiny. The outcome of this review was the Committee disbanded its standing sub-committees and agreed to establish up to three task and finish groups to review particular issues. In summer 2018 the Overview and Scrutiny Committee held a Task and Finish Group to review the success of its previous review. Arising from this in November 2018 the Overview and Scrutiny Committee agreed to establish three working groups: Finance and Performance; Business Improvement and Community, to review these areas in more detail prior to them coming to the overall Overview and Scrutiny Committee. The 2019/20 Overview and Scrutiny Committee overturned the November 2018 recommendations in June 2019. Arrangements for Overview and Scrutiny Committee operated with up to three Task and Finish Groups and no standing sub-committees during the year.

The Council invited in the LGA to carry out a Corporate Peer Challenge in November 2019. The Challenge report suggested a review of the roles of Policy Development Advisory Groups and Overview & Scrutiny take place to ensure there are no overlaps or conflicts. This will take place in 2020/21.

The Council participates in a number of partnerships with other local authorities. In particular Revenues and Benefits, Building Control, Internal Audit and Procurement. The Council, in agreement with its partners Adur and Worthing and Mid Sussex Councils, disbanded the ICT partnership in favour of local working combined with a move to the Cloud. From 1 April 2018 the Council purchases its revenues and benefits service from LGSS. For the latter part of 2019/20 the Procurement Partnership was expanded to include Mole Valley council on a one-year trial. The Council also engages in local community development work with other local public bodies.

5. VALUES AND HIGH STANDARDS OF BEHAVIOUR

The Council has incorporated in its Constitution a Member Code of Conduct and an Employee Code of Conduct. A register of declared interests is held for officers. All office-based officers are required to submit an annual declaration as well as all officers making declarations when needed. The extension of the officer requirement to all office-based officers was introduced in January 2020. Office based officers have now also been asked to declare second jobs and family relationships with other officers and members of the Council.

Members' Registers are available on the Council's website. Members are required to review their registers annually. Members are responsible for ensuring that if there are changes to their interests that the Monitoring Officer for the Council is notified of these changes. The Standards Committee promotes and maintains high standards of conduct by Councillors and also considers whether a complaint or allegation of misconduct by a Member should be investigated. The Council has also appointed an Independent Person in accordance with the Localism Act 2011 and is looking to appoint a second. The Council has two Parish Representatives who attend the Standards Committee.

As part of an ongoing Organisational Development Programme to ensure we have employees with the right skills, behaviours and attitudes, the organisation has developed core values of 'customer focus', 'achieving excellence' and 'our people'. The performance management process for staff changed in March 2020 from an annual appraisal to a minimum of four recorded performance and development discussions each year.

The culture of the organisation sets the foundation for the prevention of fraud and corruption by creating an environment that is based on openness and honesty in all Council activities.

The Council has the following policies and procedures in place which aim to prevent or deal with any instances of fraud, dishonesty or malpractice.

- Anti-Fraud and Corruption Policy
- Anti-Money Laundering Policy
- Whistleblowing Policy
- HR Disciplinary Policies
- Council's Equality Scheme
- Information Security Policies

The Head of Technology updated the Council's Information Security Policies during 2018/19 and compulsory training for all staff in technology security was introduced. A new

post of Information Security Officer was introduced in autumn 2019, a role shared with Crawley Borough Council.

6. TAKING INFORMED AND TRANSPARENT DECISIONS AND MANAGING RISK

The Council's Constitution sets out how the Council operates and the process for policy and decision making. A comprehensive review of the Constitution was completed in September 2016, and the amendments were approved by Full Council on 7th December 2016. A further review of the Constitution, especially around the planning function commenced by the Governance Committee during 2018. The changes were agreed by Council in April 2019. The Governance Committee also ironed out various anomalies in the 2016 Constitution during the year.

The Council's Risk Management arrangements are reviewed for effectiveness by the Audit Committee to ensure the process is embedded in the culture of the authority.

The Audit Committee also reviews the Corporate Risk Register which details the most significant risks facing the Council at each meeting.

All Heads of Service are responsible for implementing strategies at departmental level ensuring adequate communication, training and the assessment and monitoring of risks. All officers are responsible for considering risk as part of everyday activities and provide input to the risk management process.

The Chief Internal Auditor provides an annual opinion on the Council's governance arrangements, risk management systems and the overall control environment in his end of year report to the Audit Committee.

7. CAPACITY AND CAPABILITY OF MEMBERS AND OFFICERS

Training programmes for Council employees are identified from regular 1-2-1s, team meetings, staff appraisals and personal development programmes. All new recruits have a series of basic courses in key areas such as health and safety, data protection, IT security and GDPR they must complete before they pass their induction. During 2018/19 the Head of Human Resources and Organisational Development started a programme to ensure all staff have completed these courses and a programme is in place for annual updates where necessary.

New Members to the Council receive induction training in key areas including the Constitution, ethical governance, decision-making processes and the Council's Code of Members' Conduct. The induction also includes an introduction to the Council's services. All new Members are allocated a 'buddy' who is a senior Council officer tasked with helping the new Members to settle into the Council. There is an ongoing training programme of Member briefings on important areas of the Council's work. There is also ongoing training covering specific issues in a variety of areas. With the election of a new Council in May 2019 a full programme of member induction took place in summer 2019 with additional standards training for District and Parish Councillors in January 2020.

8. ENGAGEMENT WITH LOCAL PEOPLE AND OTHER STAKEHOLDERS

The Council works hard to communicate its aims for the District. It conducts a wide range of service specific surveys to ascertain the views and needs of its residents. In autumn 2017 the Council carried out a customer satisfaction survey of the District. The Council

consults with Parish Councils and the Rural Towns Forum (i.e. a consortium of parish level Community Partnerships). It is a leading partner within, Community Safety and Health and Wellbeing Partnerships, linking statutory and non-statutory agencies to provide a co-ordinated approach to delivery of the programme across the District. The Council works with voluntary and community sector partners to ensure effective provision of community engagement activities across the district. These partnerships share feedback from their own stakeholder consultation.

These groups help the Council to assess the priorities of different sections of the community that have different needs, particularly surrounding Grants and funding, Parish Councils and areas that need targeted service delivery. Compliments and feedback received are monitored and reported to the Overview and Scrutiny Committee as part of the quarterly performance management report.

9. DETAILS OF KEY GOVERNANCE MECHANISMS

Sources of assurance received for each of the core principles are set out in the Horsham District Council's Local Code of Corporate Governance. (See Appendix B).

10. REVIEW OF EFFECTIVENESS OF THE GOVERNANCE FRAMEWORK

The Council's governance framework includes decision-making processes set out in the Council's Constitution, together with rules and procedures. A review of governance focussing on political structure and the decision-making process at a high level was completed in April 2016. The Council continues to operate the Cabinet Executive Model. Since this date the only significant changes to the governance framework were the Overview and Scrutiny Committee deleting its sub-committees in favour of task and finish groups, the Council agreeing to the deletion of the CenSus Joint Committee from 1 April 2018.

Mechanisms for maintaining and reviewing the effectiveness of the Council's governance arrangements throughout the year include:

- The Council comprises 48 Members and, as a whole, takes decisions on budget and policy framework matters as defined by the Constitution, including deciding on the aims and objectives of the Council as set out in the Corporate Plan and other decisions that are reserved in law to be taken only by the Council. In February 2020 the Council approved a new Corporate Plan for the current Council term.
- The Overview and Scrutiny Committee is able to scrutinise the decisions of the Cabinet and maintains an overview of Council activities which includes monitoring performance management.
- The Cabinet is ultimately responsible for considering overall financial and performance management.
- The Standards Committee meets quarterly and at every meeting considers an update report on complaints against Councillors. The Committee also keeps under review the Council's policies and procedures for maintaining high ethical standards.
- The Audit Committee meets quarterly to review the Council's risk management and control arrangements. It also reviews the Council's Treasury Management and Investment Strategies and has delegated authority to review and approve the statutory financial statements and consider reports from the Council's external auditors.
- The role of the Director of Corporate Resources (as Chief Financial Officer) includes stewardship and probity in the use of resources and performance, extracting best value

from the use of those resources. The Chief Financial Officer complies with the CIPFA Statement on the Role of the Chief Finance Officer in Local Government. This post also fulfils the statutory roles of Money Laundering Reporting Officer and Senior Information Risk Owner.

- An annual internal audit plan is developed, in consultation with senior managers, which outlines the assignments to be carried out and estimated resources. The audit plan is sufficiently flexible to enable the Orbis Partnership Internal Audit team to respond to changing risks and priorities of the organisation.
- The Head of Legal and Democratic Services (as Monitoring Officer) has a duty to ensure that operations are carried out lawfully. This post also carries out the statutory Data Protection Officer role.

11. IMPROVEMENTS DURING THE YEAR

The following improvements to the Governance Framework were recognised during 2019/20:

- An annual review of performance indicators has been undertaken by Heads of Service and the Senior Leadership Team to ensure that these are meaningful and useful in helping services to achieve their objectives.
- E-Learning training has continued for staff. Learning and development has focused on helping to discharge the Council's statutory responsibilities in relation to health and safety, General Data Protection Regulation (GDPR), Equality and Discrimination, data security and cybercrime. A roll out of coaching training to all managers has begun and more than half have completed their training.
- All staff who had not previously completed their governance training did so during the year.
- A requirement for all senior managers and all officers involved in procurement to make an annual declaration of personal and financial interests was extended to all office based employees and extended to include family relationships with Councillors and officers and a declaration of other employment.
- Following some physical attacks on our Parking Enforcement Officers body worn cameras and location monitors were introduced for Parking Enforcement Officers and Community Wardens.
- Procurement of new Cloud based computer systems started for Planning and Regulatory Services and telephony during the year. Because these systems are Cloud based, they will, when live, reduce the risk of these services to a disaster in the Parkside building.
- The Director of Community Services made changes to the organisational structure of depot-based services and put an experienced Head of Service into the depot to help address governance compliance issues raised in an internal audit.
- The Council's 'Anti-Fraud and Corruption Policy' has been replaced by a new 'Counter Fraud Strategy and Framework'.
- Delays were identified in trade waste billing to some of our customers, leading to a partial assurance report from Internal Audit. Following identification, this has now been resolved.

12. SIGNIFICANT GOVERNANCE ISSUES

The 2018/19 Annual Governance Statement included an Action plan for 2019/20. Progress against the risks identified is reported in Appendix D

New significant governance issues are reported to the Audit Committee. An internal audit of Cultural Compliance at the Depot received a minimal assurance opinion from the Chief

Internal Auditor. This was reported to the Audit Committee in December. Recommendations for improvements arising from minor governance breaches are included in the new action plan in Appendix E.

In the last two weeks of the 2019/20 year the COVID-19 emergency impacted the governance of the Council. The Sussex Strategic Resilience Forum declared a major incident on 19 March 2020 and the Government put the country into lockdown on 23 March 2020. The lockdown lasted for the remainder of the financial year. The Council cancelled the following meetings during the last two weeks of March: Planning South, an extraordinary meeting of Council, Governance Committee, Standards Committee, Overview and Scrutiny Committee and the Horsham Town Policy Development and Advisory Group. The Council held a remote meeting of the Cabinet on 26 March. The meeting pre-empted the regulations allowing remote decision making that came into effect on 10 April 2020 and the adoption of these into the Council's Constitution on 22 April. Under the Council's Constitution the decisions made at Cabinet could have been made by the Chief Executive in consultation with the Leader without a meeting but the Council adopted the more transparent route.

Certification

It is our opinion that Corporate Governance, along with supporting controls and procedures, remains strong for the Council.
