Chris,

Thank you. Sussex police will not rep on the variation application then on the understanding that live and recorded music (albeit deregulated...) are put on the licence as the regulated entertainment categories licensed/permitted.

Regards,

David

Hi David

No problem but remember live and recorded music has been deregulated between the hours of 08:00hrs and 23:00hrs, less than 500 people etc which this application falls into

Chris,

We have been looking at the existing premises licence for this premises following receipt of the variation application. In principal we have no objection to the variation to extend the licensed area to the entire pub garden.

It is a very old licence (probably a conversation from Licensing Justices) and we note that the licence just states: Regulated Entertainment and Sale by Retail of Alcohol.

Can we amend the licence so we can see exactly which regulated entertainment is authorised please? We notice on the variation application that live and recorded music are the only regulated entertainment categories specified.

Thanks,

David
