Dear Chris

New Premises Licence The Deer Park,
Leonardslee Lakes & Gardens
Brighton Road, Lower Beeding, West Sussex, RH13 6PP

Please find attached an application for a permanent premises licence to the area known as 'The Deer Park' in Leonardslee along with a plan showing the area to be licensed and the layout of the proposed plan for the first event to be held which is known locally as 'Enchanted' and for which we are forwarding the Event Management Plan. I also attach the signed DPS consent he was previously on the last premises licence issued so you have his full details.

Although we are asking for every day of the week and the hours as stated we have proposed a condition which forbids Licensable Activities taking place even though the premises may be open at times and dates when there is no approved event in place, with the intention that there will not be more than 12 events authorised each year.

We understand that for Enchanted time is very tight and should this go to a hearing after the 28 days it may not get approval in time but are keen to work with the authorities including yourself and the Committee to get over this if at all possible.

Should there be any representations I would appreciate early notice of them in order to attempt to mediate them as soon as possible and I can be contacted as above. If there are any questions then I am available to assist.

Yours Sincerely

Doug Simmonds. FBII, Tp.
