Planning Advice Note: Lower Beeding Neighbourhood Plan and Water Neutrality

June 2023

Lower Beeding Parish have produced a neighbourhood plan which have been subject to successful Examination but cannot proceed to Referendum because of the legal requirements in relation to Water Neutrality and the Habitat Regulations.

In order, to support the hard work of local communities, Horsham District Council has prepared this Planning Advice Note. These Advice Notes highlight how the policies in the Neighbourhood Plans are considered to align with National Planning Policy.

This Planning Advice Note draws together current adopted Local Plan policies, and up-to-date national policy guidance including relevant ministerial statements and the outcome of the Neighbourhood Planning Examiner's report. It therefore forms a material consideration that will be taken into account by decision makers when determining planning applications. When the strategic solution to Water Neutrality is implemented, the Council will proceed to take the Lower Beeding Neighbourhood Plan to Referendum and upon a successful result the Council will 'make' the plan at full Council at the earliest opportunity.

Appendix C: Lower Beeding Neighbourhood Plan

NOTE: Whilst this document sets out the Council's view on compliance of the policy wording with the NPPF, this note provides advice and does not set planning policy. It should be noted that all development proposals must clearly demonstrate that they are water neutral in order to demonstrate that there is no adverse impact on the Arun Valley. This will be required to be assessed on a case-by-case basis as part of any individual planning application.
